EU AI ACT

EU AI ACT, ARTICLE 50

Marking AI-generated content

AI that generates text, images, audio or video has to mark its output as AI-generated, in a machine-readable way.

FROM 2 AUG 2026

AI systems put on the market from that day

FROM 2 DEC 2026

AI systems already on the market before 2 August

EXEMPT

AI that only does standard editing

like fixing grammar and spelling
